### Objektbeschreibung

The large apartment house with approx. 420 m² living space is located in a prominent location of Fieberbrunn. The pedestrian zone as well as other restaurants and stores are in the immediate vicinity.

The building extends over 3 floors and is in very good condition due to repeated modernizations.

On the first floor there is a store with approx.54 m <sup>2</sup> and a large vacation apartment with approx. 75 m<sup>2</sup> living space.

This apartment has 2 bedrooms, an open kitchen with living and dining area, a bathroom with shower and a separate toilet. Also on the first floor there is a ski boot room, a storage room, the boiler room, a WC and the staircase to the upper floors.

On the first floor there are 3 tastefully furnished apartments with about 83 m<sup>2</sup>, 46 m<sup>2</sup> and 38 m<sup>2</sup> living space.

By the development of the attic and the so-called pointed floor above, two extremely attractive further apartments with open living/dining area and two bedrooms each have been created, which could well be converted into a more than generous owner's apartment.

Towards the main street there is a large parking lot for up to 9 cars.

All around a well-kept apartment house, in a very good location, attractively renovated and equipped, with a good occupancy rate.
